

Our project has been funded  
by the #iwill Programme

## Business opportunity

**Due to ongoing demand for our conservation projects, GFB is looking out for a skilled keyworker to take a lead role in our eco-build social enterprise.**

Green Future Building Ltd, a not for profit social enterprise, supplies an innovative range of nature conservation products from its Elland Bridge manufacturing base - with the further aim of connecting young people with nature and eco materials and developing the skills that employers look for.

After a successful period of growth, we now require an enterprising 'hands on' talent to help grow our business as part of future succession planning.

Joining our MD in GFB's workshop, you will work with our customers nationally to make a difference to nature conservation and the lives of young people.

You will be a self-starter with a hands-on background (joinery skills preferred); within reach of Elland; and able to work outdoors and motivate young people. The opportunity would ideally suit someone with a keen interest in wildlife conservation, with flexible working to suit both the candidate and GFB.

**Enquiries to John Beaumont 07917 167779 or via [greenfuturebuilding.org.uk](http://greenfuturebuilding.org.uk)**

Proudly supporting  
youth social action

Department  
for Culture  
Media & Sport

**LOTTERY FUNDED**

- **#iwill** is a UK-wide campaign aiming to get 6 out of 10 young people involved in social action by 2020
- **Big Lottery Fund and the Department of Culture, Media & Sport** have invested £20 million each to the #iwill fund to support young people to access high quality social action opportunities
- **Social action** involves activities such as campaigning, fundraising and volunteering, all of which enable participants to make a positive difference to their communities
- **Green Future Building** is committed to biodiversity conservation; recognises the increased need for sustainable building; and continues to develop the use of recycled and sustainable materials. We work in partnership with award-winning youth charity **Project Challenge**, other trusts, charities and social enterprises on projects creating opportunities for people and communities to connect with nature, develop skills, continue training and create employment in conservation and green building
- See GFB's website and social media for our bird and photography hides, screens and platforms, tern rafts, sand martin banks, boxes for species of conservation concern, rain garden planters, nature reserve furniture, box sluices & wetland management services **(January 2019)**
