

*Our project has been funded  
by the #Iwill Programme*

## **Social action work opportunity (part-time £12-£15 per hour)**

Green Future Building, a not for profit social enterprise, supplies an innovative range of nature conservation products from its Elland Bridge manufacturing workshop - with the aim of connecting young people with both nature and eco materials, whilst developing the skills and knowledge that employers look for.

After a highly-successful initial placement bringing together GFB and Halifax's Project Challenge, an exciting opportunity has now arisen for someone flexible, reliable and with practical skills. You will work on a pilot project to extend the partnership and make a difference in the lives of more young people **#Iwill**.

You will be a self-starter with a hands-on background (joinery preferred); within easy reach of Elland; and able to work outdoors, motivate young people and handle safeguarding and monitoring accurately and discretely.

The role would suit someone interested in wildlife conservation, but it is not a requirement. This is part-time, flexible working to suit both the candidate, GFB and Project Challenge, with opportunities for extension subject to funding.

SUPPORTING GOOD CAUSES IN ELLAND • SOWERBY BRIDGE • HALIFAX • MYTHOLMSTED  
• WIGTON BRIDGE • TOMMORROW & A CROSS CALDERDALE FOR 25 YEARS

- **#Iwill** is a UK-wide campaign aiming to get 6 out of 10 young people involved in social action by 2020
- **Big Lottery Fund and the Department of Culture, Media & Sport** have invested £20 million each to the #iwill fund to support young people to access high quality social action opportunities
- **Social action** involves activities such as campaigning, fundraising and volunteering, all of which enable participants to make a positive difference to their communities
- **Green Future Building** is committed to biodiversity conservation; recognises the increased need for sustainable building; and continues to develop the use of recycled and sustainable materials. We work in partnership with award-winning youth charity **Project Challenge**, other trusts, charities and social enterprises on projects creating opportunities for people and communities to connect with nature, develop skills, continue training and create employment in conservation and green building
- See GFB's website and social media for our bird and photography hides, screens and platforms, tern rafts, sand martin banks, boxes for species of conservation concern, rain garden planters, nature reserve furniture, box sluices & wetland management services
